TOUCHLESS FLUSH PLATES

The Hygizone touchless glass flush plate with indicator lights offers the ultimate in hygiene and convenience, eliminating the cross contamination of germs and bacteria caused by touching.

HPE 100

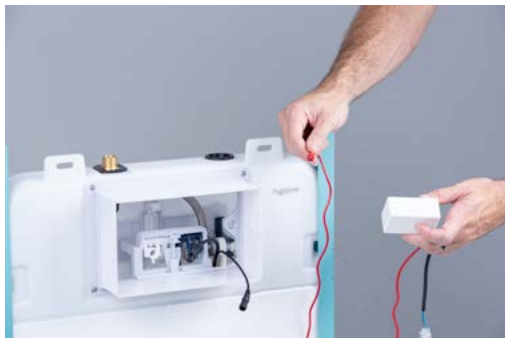

- Requires:
 - Hygizone Cistern HC421 with electrically actuated flush valve.
- Includes:
 - IP 24 Rated Power supply
 - Input AC100-240V (50/60Hz)
 - Output DC12V / 0.6A

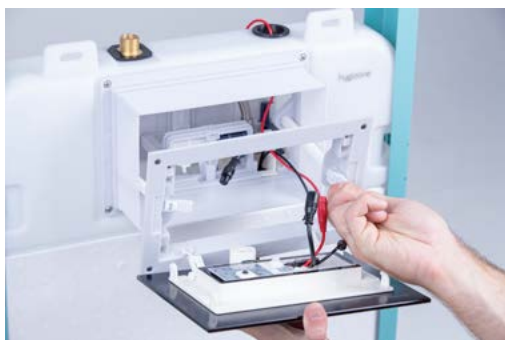

Works best with a Hygizone Cistern

TOUCHLESS FLUSH PLATES – CONTINUED

Installation

- Install the supplied transformer in a suitable and accessible location in accordance with the local electrical bylaws.

- Route the red 12V cable to the cistern via a conduit or sleeve.

- Plug in the connectors.

- Clip the Flush plate in place
